In an era where authoritarianism is spreading its influence across the globe, understanding the dynamics of control and manipulation has never been more critical. My life's mission has been to dissect the insidious techniques used by cults and authoritarian leaders to deceive and dominate. With the creation of the BITE Model of Authoritarian Control™, I've provided a powerful lens to expose these tactics. My books "The Cult of Trump," "Combating Cult Mind Control," and "Freedom of Mind"—are considered foundational texts in unraveling the complex psychology of influence and control. **Now, more than ever, it's crucial to shine a light on these dangers.** Let's work together to amplify this urgent message.
